

FW-16

We take enormous pride in the garments we make. And I really mean that, down to the smallest little detail. The prototypes that we test in the harsh climate of the mountains around Åre and all the discussions regarding the details. Every little bar tack and seam is exactly where it is supposed to be and is in the exact material and colour we want it to have. The reason we obsess about the details is simply a genuine interest in the product. We are all core skiers at the office and this is not just a job for us. All of us want to feel proud of our products when we see them out in the mountains.

Men's Bec de Rosses Jacket

Art nr: 161 1 1000

Icon: Gore-tex

Materials: 3L Gore-tex Pro, PFOA-free DWR

YKK water resistant zippers

The Bec de Rosses Jacket is an all-seam sealed, three-layer shell jacket made from Gore-Tex Pro. This fabric will make a big difference when ski touring or taking part in other physical activities. The Bec de Rosses Jacket has an excellent fit allowing plenty of movement and is perfect for skiers who want to be able to easily adjust their warmth using a layering system. It has a unique cut for a ski jacket, the idea behind it comes from wet suits designed for surfing and gives excellent freedom of movement. With its superb fit and well-thought-through details it is a favourite for both mechanized off-piste skiing and ski touring in the mountains.

All-seam sealed, three-layer Gore-Tex Pro - New Generation.

Fully adjustable, fixed storm hood that fits over a ski helmet.

Extra high front collar with brushed tricot on the inside. Ventilation holes in the inner placket.

Large storage pockets, strategically placed, with a goggle cloth.

Ski pass sleeve pocket.

Top stitching at critical seams to increase durability.

Detachable powder skirt with snap-to-pant system and anti-slip elastic.

Ventilation openings under the arms with two-way zippers.

Anatomically shaped wide cuffs to fit over gloves.

Earphone compatible, zippered inner pocket.

- Inner mesh storage pocket.
- YKK water resistant zippers.
- Fit: Relaxed
- Sizes: XS-XXL

Men's Bec de Rosses Pant

Art nr: 161 1 2000

Icon: Gore-tex, Schoeller

Materials: 3L Gore-tex Pro, PFOA-free DWR

YKK water resistant zippers,

Schoeller Keptec

The Bec de Rosses Pant is an all-seam sealed, three-layer shell Pant with comfort fit. It is made from Gore-Tex Pro. This fabric will make a big difference when ski touring or taking part in other physical activities. After a big snow dump the detachable stretch bib is perfect to keep the snow out, and it can easily be removed to transform the garment into regular pants. With its superb fit and well-thought-through details it is a favourite for both mechanized off-piste skiing and ski touring in the mountains.

- All-seam sealed, three-layer Gore-Tex Pro.
- Detachable stretch bib with suspenders.
- $\frac{3}{4}$ length two-way side zippers.
- Waist adjustment system hidden on the inside of waist.
- Articulated pre-shaped knees.
- Cargo hand pockets with brushed tricot.
- Inner transceiver pocket with zipper, inside right hand pocket.
- Cargo back pocket.
- Snap-to-jacket system.
- Adjusted shape of bottom of pants to work well with bindings.
- Snow gaiters with anti-slip elastic.
- YKK water resistant zippers.
- Schoeller Keptec reinforcements around the bottom lower and inner leg.
- Reinforcements on inside lower leg for increased durability.
- Fit: Relaxed
- Size: Sizes: XS-XXL

Men's Bec des Étagnes Jacket

Art nr: 161 1 1017

Icon: Gore-tex

Materials: 3L Gore-tex Pro, PFOA-free DWR

YKK water resistant zippers

The Bec des Étagnes Jacket is an all-seam sealed, three-layer free-skiing shell with a little longer cut, made from Gore-Tex Pro. This fabric will make a big difference when moving fast in the mountains. The Bec des Étagnes Jacket has an excellent fit allowing plenty of movement and is perfect for skiers who want to be able to easily adjust their warmth using a layering system. The BdÉ jacket is designed to be paired with the Bec de Rosses Pants. With its superb fit and well-thought-through details it is a new favourite for both mechanized off-piste skiing and ski touring in the mountains. Bec des Étagnes is another favourite in Verbier. Only a short hike from Mont-Fort and great skiing on the north face.

- All-seam sealed, three-layer Gore-Tex Pro.
- Fully adjustable, fixed storm hood that fits over a ski helmet.
- Extra high front collar with brushed tricot on the inside. Ventilation holes in the inner placket.
- Two hand pockets with a goggle cloth.
- Chest pocket.
- Ski pass sleeve pocket.
- Top stitching at critical seams to increase durability.
- Detachable powder skirt with snap-to-pant system and anti-slip elastic.
- Armpit ventilation with two-way zippers.
- Anatomically shaped wide cuffs to fit over gloves.
- Lycra inner cuffs with thumb holes.
- Earphone compatible, zippered inner pocket.
- Inner mesh storage pocket.
- YKK water resistant zippers.
- Fit: Relaxed
- Sizes: XS-XXL

M Backside Parka

Art nr: 161 1 1024

Icon: Gore-tex, Thermore

Materials: 2L Gore-tex PFOA-free DWR

80 g Thermore Rinnova, 100% recycled polyester,

YKK water resistant zippers

The Backside Parka is a two-layer Gore-Tex free-skiing Parka with light insulation in the sleeves and front panels. We have removed the insulation from the back panels of the jacket to reduce the risk of overheating caused by wearing back protection or a backpack. Don't let the urban look fool you, it's still a technical jacket with a slightly longer body length. This is a new style for this season.

All-seam sealed, two-layer Gore-Tex.

80 g Thermore Rinnova, 100% recycled polyester insulation.

Heat regulation zone in the jacket's back.

Fully adjustable, fixed storm hood that fits over a ski helmet.

Extra high front collar with brushed tricot on the inside for comfort.

Ventilation holes in the inner placket.

Detachable powder skirt with snap-to-pant system and anti-slip elastic.

Hand pockets with brushed tricot and a goggle cloth.

Ski pass sleeve pocket and cargo chest pocket.

Earphone compatible, zippered inner pocket.

Inner mesh storage pocket.

Armpit ventilation with two-way water resistant zippers.

Anatomically shaped wide cuffs to fit over gloves.

Inner lycra cuffs with thumb holes.

YKK water resistant zippers.

Fit: Relaxed

Sizes: XS-XXL

M Mont Fort J

Art nr: 161 1 1025

Icon: Gore-tex, Thermore

Materials: 2L Gore-tex Bluesign certified fabric, PFOA-free DWR

80 g Thermore Rinnova, 100% recycled polyester,

YKK water resistant zippers

The Mont Fort Jacket is a two-layer Gore-Tex free-skiing jacket with light insulation in the sleeves and front panels. We have removed the insulation from the back panels of the jacket to reduce the risk of overheating caused by wearing back protection or a backpack. This, and all the other carefully considered details, make the Mont Fort Jacket a

favourite for mechanized skiing, both on and off piste.

The summit of Mont Fort is accessible by cable car, and gives you easy access to fantastic skiing terrain in the Verbier area.

All-seam sealed, two-layer Gore-Tex.

80 g Thermore Rinnova, 100% recycled polyester insulation.

Heat regulation zone in the jacket's back.

Fully adjustable, fixed storm hood that fits over a ski helmet.

Extra high front collar with brushed tricot on the inside for comfort.

Ventilation holes in the inner placket.

Fixed powder skirt with snap-to-pant system and anti-slip elastic.

Hand pockets with brushed tricot and a goggle cloth.

Ski pass sleeve pocket.

Earphone compatible, zippered inner pocket.

Inner mesh storage pocket.

Armpit ventilation with two-way water resistant zippers.

Anatomically shaped wide cuffs to fit over gloves.

Inner lycra cuffs with thumb holes.

YKK water resistant zippers.

M Mont Fort Structure J

Art nr: 161 1 1031

Icon: Gore-tex, Thermore

Materials: 2L Gore-tex Bluesign certified fabric, PFOA-free DWR

80 g Thermore Rinnova, 100% recycled polyester,

YKK water resistant zippers

The Mont Fort Structure Jacket is a two-layer Gore-Tex free-skiing jacket with a structured face fabric. It has light insulation in the sleeves and front panels. We have removed the insulation from the back panels of the jacket to reduce the risk of overheating caused by wearing back protection or a backpack. This, and all the other carefully considered details, make the Mont Fort Jacket a favourite for mechanized skiing, both on and off piste.

The summit of Mont Fort is accessible by cable car, and gives you easy access to fantastic skiing terrain in the Verbier area.

M Tortin J

Art nr: 161 1 1026

Icon: Gore-tex, Thermore

Materials: 2L Gore-tex PFOA-free DWR

80 g Thermore Rinnova, 100% recycled polyester,
YKK water resistant zippers

The Tortin Jacket is a two-layer Gore-Tex all-round ski jacket with light insulation. With its carefully considered details, the Tortin Jacket is a favourite when skiing in cold conditions, both on and off piste.

Tortin in the Verbier ski area is easily accessed via a number of different off-piste ski runs. Due to a lack of sun during the early season or late in the afternoon, you can often get quite cold here when queuing for the last lift of the day to Verbier.

All-seam sealed, two-layer Gore-Tex.

80 g Thermore Rinnova, 100% recycled polyester insulation.

Fully adjustable, fixed storm hood that fits over a ski helmet.

Extra high front collar with brushed tricot on the inside for comfort.

Ventilation holes in the inner placket.

Materials: 2L Gore-tex Bluesign certified fabric, PFOA-free DWR

80 g Thermore Rinnova, 100% recycled polyester,

YKK water resistant zippers, Schoeller Keprotect

The Bruson Pant is a two-layer Gore-Tex free-skiing pant with light insulation at critical points, such as over the knees and the rear. Designed to suit active skiers who find overheating more of a problem than getting cold, the Bruson Pant is a perfect match for any of our jackets. The ideal garment for mechanized skiing.

All-seam sealed, two-layer Gore-Tex.

Insulated over the rear and knees with 80 g Thermore Rinnova, 100% recycled polyester insulation.

Long YKK water resistant ventilation zippers.

Waist adjustment system.

Pre-shaped knees.

Hand pockets with water resistant zippers and brushed tricot for comfort.

Cargo pockets on each leg, with a zippered mobile phone pocket.

Back pockets.

Snap-to-jacket system.

Snow gaiters with anti-slip elastic.

Adjusted shape of bottom of pants to work well with bindings.

Schoeller Keprotect reinforcements around the lower and inner leg.

Fit: Relaxed

Sizes: XS-XXL

Men's Creblet Pants

Art nr: 161 1 2016

Icon: Gore-tex, Thermore, Schoeller

Materials: 2L Gore-tex Bluesign certified fabric, PFOA-free DWR

80 g Thermore Rinnova, 100% recycled polyester,

YKK water resistant zippers, Schoeller Keptotec.

The Creblet Pants are a pair of Gore-Tex two-layer ski pants with light insulation at critical points such as over the knees and the rear, and a narrower silhouette. This plus all its well-thought-through details make the Creblet pants a favourite when skiing in cold conditions, both on and off piste. Creblet is an easily accessed off-piste ski run in Verbier that you can get to without hiking.

All-seam sealed, two-layer Gore-Tex.

Critically insulated over the rear and knees with 80 g Thermore Rinnova, 100% recycled polyester insulation.

Men's Free Rando Jacket

Art nr: 161 1 1019

Icon:

Materials: Four-way stretch double weave, 49% nylon, 42% polyester, 9% spandex, PFOA-free DWR,

Durable four-way stretch double-weave jacket for randoeé and backcountry skiing. Since all of us working at Elevenate spend a lot of time in the backcountry we wanted to make a very breathable ski jacket in medium-weight fabric. Perfect for the days you want to push it in the mountains without going for the full race look.

- Durable, weather resistant, breathable, four-way stretch fabric.
- Fully adjustable, fixed storm hood that fits over a ski helmet.
- Extra high front collar with brushed tricot on the inside for comfort.

- Strategically placed zippered hand pockets, with mesh lining and a goggle cloth.
- Ski pass sleeve pocket.
- Anatomically shaped cuffs.
- Protected draw cord system.
- Fit: Regular
- Sizes: XS-XXL

Men's Free Rando Pant

Art nr: 161 1 2015

M Transition Hood

Art nr: 161 1 5044

Icon: Pontetorto Technostretch

Materials: Pontetorto Technostretch superlight 97% Polyester, 3% Elastane, Bluesign certified fabric. Stretch mesh: 80% Polyamide, 20% Elastane.

Transition Hood is a ski touring mid-layer in lightweight technostretch that allows maximum mobility. Technostretch is an ideal mid-layer as it has a durable face and a warm, insulating reverse. It dries quickly and the stretch allows a snug fit. Has two large storage pockets in stretch mesh, offering quick and warm storage for skins when you have many transitions along the way.

- Pontetorto Technostretch superlight, Bluesign certified fabric.
- Large storage pockets in stretch mesh (for skins).
- Minimal hood, to fit underneath a helmet.
- Extra high front collar
- Full-length zipper with chin guard in brushed tricot
- Lycra cuffs at end of sleeves.
- Welded inner placket in brushed tricot.
- Flatlock seams.
- Fit: Athletic
- Sizes: XS-XXL

Men's Agile Jacket

Art nr: 161 1 3017

Icon: Primaloft Eco

Materials: Toray 100% Polyester, PFOA-free, DWR.

95/5 White Goose Down, Fill power 750 cuin. 100 g Primaloft Eco

The Agile Jacket is a mid-weight down jacket that works as a warm mid layer or a standalone jacket in dry, cold conditions. The fabric's softness allows insulation in the jacket to have more loft. It is padded with 95/5 white goose down with a 750 cuin fill power and synthetic fibres at strategic places so that you will keep warm and comfortable in cold conditions.

White goose down 95/5.

Fill power 750 cuin, European standard.

Toray 100% Polyester, PFOA-free, DWR.

Strategic placement of Primaloft Eco at critical areas such as shoulders and elbows.

Adjustable, down filled, fixed hood.

Extra high front collar.

Pre-shaped sleeves.

Striped front zipper.

Zippered insulated hand pockets.

Zippered inner pocket.

Protected draw cord system.

Lycra finish at sleeves to minimize bulk around sleeve cuffs.

Fit: Regular

Sizes: XS-XXL

YKK water resistant zippers.

The Bec de Rosses Jacket is an all-seam sealed, three-layer shell jacket made from Gore-Tex Pro. This fabric will make a big difference when ski touring or taking part in other physical activities. The Bec de Rosses Jacket has an excellent fit allowing plenty of movement and is perfect for skiers who want to be able to easily adjust their warmth using a layering system. It has a unique cut for a ski jacket, the idea behind it comes from wet suits designed for surfing and gives excellent freedom of movement. With its superb fit and well-thought-through details it is a favourite for both mechanized off-piste skiing and ski touring in the mountains.

All-seam sealed, three-layer Gore-Tex Pro.
Fully adjustable, fixed storm hood that fits over a ski helmet.
Extra high front collar with brushed tricot on the inside. Ventilation holes in the inner placket.
Large storage pockets, strategically placed, with a goggle cloth.
Ski pass sleeve pocket.
Top stitching at critical seams to increase durability.
Detachable powder skirt with snap-to-pant system and anti-slip elastic.
Armpit ventilation with two-way zippers.
Anatomically shaped wide cuffs to fit over gloves.
Earphone compatible, zippered inner pocket.
Inner mesh storage pocket.
YKK water resistant zippers.
Fit: Relaxed
Sizes: XS-XL

Women's Bec de Rosses Pant

Art nr: 161 2 2004

Icon: Gore-tex, Schoeller

Materials: 3L Gore-tex Pro, PFOA-free DWR

YKK water resistant zippers,

Schoeller Keptotec.

The Bec de Rosses Pant is an all-seam sealed, three-layer shell Pant with comfort fit. It is made from Gore-Tex Pro. This fabric will make a big difference when ski touring or taking part in other physical activities. After a big snow dump the detachable stretch bib is perfect to keep the snow out, and it can easily be removed to transform the garment into regular pants. With its superb fit and well-thought-through details it is a favourite for both mechanized off-piste skiing and ski touring in the mountains.

All-seam sealed, three-layer Gore-Tex Pro.
Detachable stretch bib with suspenders.
 $\frac{3}{4}$ length two-way side zippers.
Waist adjustment system hidden on the inside of waist.
Articulated pre-shaped knees.
Cargo hand pockets with brushed tricot.
Inner transceiver pocket with zipper, inside right hand pocket.

Cargo back pocket.

Top stitching at critical seams to increase durability.

Snap-to-jacket system.

Adjusted shape of bottom of pants to work well with bindings.

Snow gaiters with anti-slip elastic.

YKK water resistant zippers.

Schoeller Keprotect reinforcements around the bottom lower and inner leg.

Reinforcements on inside lower leg for increased durability.

Fit: Relaxed

Size: Sizes: XS-XL

Women's Bec des Étagnes Jacket

Art nr: 161 2 1015

Icon: Gore-tex

Materials: 3L Gore-tex Pro, PFOA-free DWR

YKK water resistant zippers.

The Bec des Étagnes Jacket is an all-seam sealed, three-layer free-skiing shell with a little longer cut, made from Gore-Tex Pro. This fabric will make a big difference when moving fast in the mountains. The Bec des Étagnes Jacket has an excellent fit allowing plenty of movement and is perfect for skiers who want to be able to easily adjust their warmth using a layering system. The BdÉ jacket is designed to be paired with the Bec de Rosses Pants. With its superb fit and well-thought-through details it is a new favourite for both mechanized off-piste skiing and ski touring in the mountains. Bec des Étagnes is another favourite in Verbier. Only a short hike from Mont-Fort and great skiing on the north face.

- All-seam sealed, three-layer Gore-Tex Pro.
- Fully adjustable, fixed storm hood that fits over a ski helmet.
- Extra high front collar with brushed tricot on the inside. Ventilation holes in the inner placket.

- Anatomically shaped wide cuffs to fit over gloves.

- Lycra inner cuffs with thumb holes.
- Earphone compatible, zippered inner pocket.
- Inner mesh storage pocket.
- YKK water resistant zippers.
- Fit: Relaxed
- Sizes: XS-XL

W Mont Fort J

Art nr: 161 2 1022

Icon: Gore-tex, Thermore

Materials: 2L Gore-tex Bluesign certified fabric, PFOA-free DWR

80 g Thermore Rinnova, 100% recycled polyester,

YKK water resistant zippers

The Mont Fort Jacket is a two-layer Gore-Tex free-skiing jacket with light insulation in the sleeves and front panels. We have removed the insulation from the back panels of the jacket to reduce the risk of overheating caused by wearing back protection or a backpack. This, and all the other carefully considered details, make the Mont Fort Jacket a favourite for mechanized skiing, both on and off piste.

The summit of Mont Fort is accessible by cable car, and gives you easy access to fantastic skiing terrain in the Verbier area.

- All-seam sealed, two-layer Gore-Tex.
- 80 g Thermore Rinnova, 100% recycled polyester insulation.
- Heat regulation zone in the jacket's back.
- Fully adjustable, fixed storm hood that fits over a ski helmet.
- Extra high front collar with brushed tricot on the inside for comfort.

Ventilation holes in the inner placket.

Sizes: XS-XL

Women's Agile Jacket

Art nr: 161 2 3013

Icon: Primaloft Eco

Materials: Toray 100% Polyester, PFOA-free, DWR.

95/5 White Goose Down, Fill power 750 cuin. 100 g Primaloft Eco

The Agile Jacket is a mid-weight down jacket that works as a warm mid layer or a standalone jacket in dry, cold conditions. The fabric's softness allows insulation in the jacket to have more loft. It is padded with 95/5 white goose down with a 750 cuin fill power and synthetic fibres at strategic places so that you will keep warm and comfortable in cold conditions.

- White goose down 95/5.
- Fill power 750 cuin, European standard.
- Toray 100% Polyester, PFOA-free, DWR.
- Strategic placement of Primaloft Eco at critical areas such as shoulders and elbows.
- Adjustable, down filled, fixed hood.
- Extra high front collar.
- Pre-shaped sleeves.

- Striped front zipper.
- Zippered insulated hand pockets.
- Zippered inner pocket.
- Protected draw cord system.
- Lycra finish at sleeves to minimize bulk around sleeve cuffs.
- Fit: Regular
- Sizes: XS-XL
